Cube robot

One-piece net · numbers mark folds, paired letters mark glue seams.

1–3 Fold the four walls around the face. Join A to A.

4 Fold in the top. Glue C and D to the side walls, then B to the back.

5 Close the base with F, G and E. Keep the printed face out.

40 mm cube / 160–200 gsm cardstock / scissors, blunt scorer, glue

25 mm / print at 100%
